## **PRESS RELEASE**

### **Timberhaven Log Homes Launches New Large Log Profile**

*For immediate release, May 19, 2014:*

Timberhaven Log Homes will premier its new 8" x 12" laminated log profile when this unique log home package is delivered to Jim Thorpe area on May 30, 2014. The 8" x 12" logs are one of the largest logs in the company's collection of more than a dozen different profile combinations. The logs for this project were laminated this week and will enter production next week at the corporate headquarters in Lewisburg, PA.

"An exclusive group of manufacturers offers laminated profiles of this increased size, and we are ecstatic to be one of them." said Joe Folker, principle partner of the company. "The laminating process allows us to certify logs with an average moisture content of 9% - no matter how big or small the log. This is practically unheard of in the industry."

Timberhaven Log Homes, LLC provides quality, affordable kiln-dried log homes and cabins. The company is known for taking great time and energy to make sure that every attention to detail has been met to provide the best value there is in log home living. Timberhaven's highly trained and skilled professionals, log home manufacturing process and kiln-dried solid/laminate logs are second to none in the log home industry. To learn more about Timberhaven Log Homes, call 855-306-5678 or visit [www.timberhavenloghomes.com](http://www.timberhavenloghomes.com).
