PRESS RELEASE

International Trade Publication Features Local Manufacturer

For immediate release: August 1, 2017

Middleburg, PA – *Log Home Living* magazine recently featured Timberhaven Log & Timber Homes in its August 2017 issue. The feature article, titled *On The Rocks*, showcased a stunning 10-page photographic spread of a custom Timberhaven log home in the Pocono's. The log home was also named the international publication's *Home of the Month*.

The story outlined a couple's personal log home journey – from land acquisition, research and planning, working with Timberhaven Log & Timber Homes and the area's local representative, to execution. The 2,910 square foot gorgeous log home perfectly complemented the prestigious *Log Home Living* publication.

In addition to a quality build with Timberhaven's premium Engineered Logs, the log home features a vast custom wall of glass with unbeatable views, an exposure heavy timber staircase, private master suite, cozy loft and so much more. Homeowner Kim Kortze was quoted saying, "The minute I get home, I can feel my blood pressure drop. It's like we're on vacation every weekend."

A collaboration of local talent, Timberhaven Log & Timber Homes and *Log Home Living* hired Allen Mowery Photography, located in Mifflinburg, PA, to professionally photograph the custom log home. [Click here](#) for a full home tour of photography.

Timberhaven Log & Timber Homes, LLC provides premium-quality kiln-dried log homes, log cabins, timber frame homes, and timber accents. The company is known for taking great time and energy to make sure that every attention to detail has been met to provide the best value there is in log home living. Timberhaven's highly trained professionals, log home manufacturing process and kiln-dried Engineered Logs/traditional solid logs are second to none in the log home industry.
