PRESS RELEASE

SUN Tech Students Tour Local Manufacturing Facilities

For immediate release – May 25, 2016

On Tuesday, May 24, 2016, students from the SUN Area Technical Institute toured the manufacturing facilities of Timberhaven Log & Timber Homes, LLC located at 1081 Salem Church Road, Middleburg, PA. Over a dozen students and instructors from the Carpentry and Advanced Wood Products Manufacturing classes participated in the tour.

Kevin Hoover, Tech Specialist at Timberhaven Log & Timber Homes, serves on the advisory board of SUN Tech's Carpentry class. He provided the students with a personalized tour of Timberhaven's production facility. Students also enjoyed a step-by-step demonstration of the company's renowned laminating process. The tour was concluded after the students had the opportunity to inspect Timberhaven's various log and roofing system displays.

"The students asked a lot of very good questions about our manufacturing process and overall construction methods," says Kevin Hoover. "I was very impressed with their level of engagement and the vast array of knowledge the students exhibited. It was a pleasure to have the opportunity to further educate the group."

Jim Romig, SUN Tech instructor, explained that this tour will help the students appreciate what career options are available after graduation.

Timberhaven Log & Timber Homes, LLC provides quality, kiln-dried log homes, timber frame homes, and log cabins. The company is known for taking great time and energy to make sure that every attention to detail has been met to provide the best value there is in log home living. Timberhaven's highly trained professionals, log home manufacturing process and kiln-dried engineered logs/traditional solid logs are second to none in the log home industry.
