PRESS RELEASE

Local Home Manufacturer Honored by National Awards Program

March 22, 2021: Middleburg, PA-based Timberhaven Log & Timber Homes received the 2021 Jerry Rouleau Award for Excellence in the category of Log Home Design, for homes greater than 3,000 sq. ft., presented by the National Association of Home Builders' (NAHB) Building Systems Councils (BSC).

Timberhaven also received the 2021 Jerry Rouleau Entry of Distinction Award in the category of Marketing Excellence for its new *Timber Living Reimagined* brochure.

Timberhaven was honored on March 4 during a virtual awards ceremony.

Since 1986, the BSC's awards program has promoted excellence in systems-built housing. Front runners in the industry are honored annually for their innovative marketing strategies and unique systems-built housing designs.

"Facing unprecedented challenges, this year's winners did a tremendous job developing top-notch marketing campaigns and homes over the past 12 months," said 2021 BSC Chairman, Brian Sielaff.

The annual Jerry Rouleau Awards for Excellence are judged by an independent panel of industry experts. Recipients were recognized for excellence in achievement in a range of categories such as informative and well-designed websites, along with floor plan designs categorized by systems-built type and square footage.

"It is a real honor to be recognized by the National Association of Home Builders' Building Systems Councils for our efforts on the Henderson custom log home design and our new marketing brochure *Timber Living*

#####

ABOUT TIMBERHAVEN: Timberhaven Log & Timber Homes, LLC is a manufacturer and supplier of premium-quality kiln-dried Log, Timber Frame, and Hybrid Homes, as well as Outdoor Timber Structures. The company is known for investing a significant amount of time and energy to ensure every expectation has been exceeded in design, quality and customer service. Timberhaven’s highly trained professionals, manufacturing, and kiln-dried logs and timbers are second to none in the industry. To learn more about Timberhaven, call 855-306-5678 or visit www.timberhavenloghomes.com.

ABOUT THE BSC: The Building Systems Councils of the National Association of Home Builders is made up of manufacturer, builder, and associate members who advocate building with concrete, log, timber, modular, or panelized systems. Systems-built homes are constructed to the same code standards and reflect the same, and often enhanced, quality levels as any site-built construction.

ABOUT NAHB: ABOUT NAHB: The National Association of Home Builders is a Washington-based trade association representing more than 140,000 members involved in home building, remodeling, multifamily construction, property management, subcontracting, design, housing finance, building product manufacturing and other aspects of residential and light commercial construction. NAHB is affiliated with 700 state and local home builders’ associations around the country. NAHB’s builder members will construct about 80 percent of the new housing units projected for this year.
