PRESS RELEASE

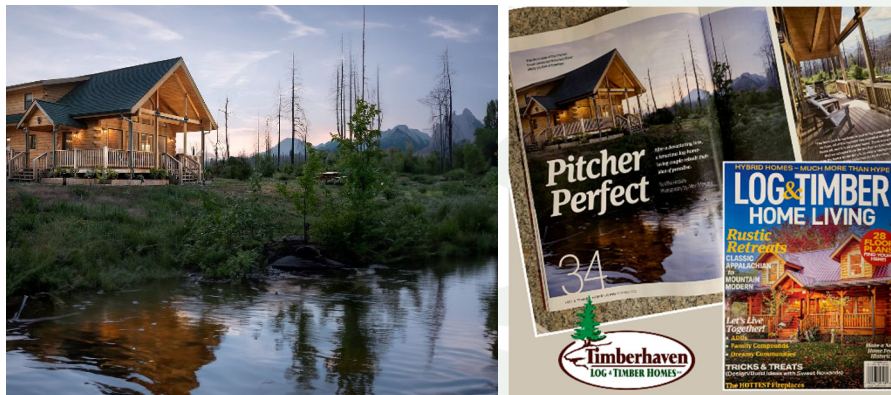

National Trade Publication Features Local Manufacturer

For immediate release: October 20, 2023

Middleburg, PA – *Log & Timber Home Living* magazine featured Timberhaven Log & Timber Homes in its special-interest publication *Rustic Retreats* released today. The feature article, *Pitcher Perfect*, showcased a stunning 6-and-a-half-page photographic spread of a custom Timberhaven log home located along McKenzie River in Northwest Oregon.

After wildfires destroyed their 17-year-old log home as well as the surrounding heavily wooded lot, homeowners Frank and Betsy Pitcher knew they would rebuild. They turned to Timberhaven for help. The article describes their bitter-sweet personal journey, the straightforward design process and acting as their own general contractors.

Built on their original foundation, their new log home is built with Timberhaven's world-renowned Engineered Logs, shaped in an 8x8 D profile with Mortise & Tenon corners. The quintessential design details include an open living area, cathedral ceiling, vast wall of glass, and a spacious front porch where Frank, Betsy, and all their guests can enjoy the beautiful vistas of the surrounding countryside and the deep sense of recovery and renewal.

Timberhaven Log & Timber Homes hired Allen Mowery Photography from Mifflinburg, PA to professionally photograph the custom log home in May 2023. **For the full photograph library, [click here](#).**
